

## **We've improved your Member Headquarters Gold Card Benefits!**

If you thought you were receiving great deals before, we just made them even better! Previously, Entertainment, Inc. provided the discount program tied to your Member Headquarters Gold Card. On June 2, 2010, United Bank & Trust will switch from Entertainment, Inc. to Access. Access provides MORE Mid-West vendors, MORE discount coupons and MORE savings! Best of all, this switch will be at no inconvenience to you! Simply continue using your current Gold Card. The next time you log in at [www.memberheadquarters.com](http://www.memberheadquarters.com), a dialog box will pop up on your screen informing you of our switch to Access. You will then be mailed a new Gold Card. You may still continue to use your current card until the new one arrives. Your new Gold Card will look the same as your current card, but will feature the Access logo, rather than the Entertainment, Inc. logo, on the front of the card.

United Bank & Trust is excited about this switch which will give you access to more vendors and more savings! We invite you to visit the website [www.memberheadquarters.com](http://www.memberheadquarters.com), familiarize yourself with the benefits from Access...and find out how much gold you can save by using your Member Headquarters Gold Card!

If you have any questions about this switch, please feel free to call any of our branches.
